### Fingerprint

Unlock your door with a simple touch.  
Moorgen's advanced fingerprint recognition technology ensures quick and secure access.

### Preventing peeping virtual password is more secure

The Moorgen X5 series smart fingerprint lock also supports the virtual password feature. This feature allows for better protection of the password from being leaked when someone is nearby, while also providing easy access.

289304	888888	984302
Virtual	Actual	Virtual
Password	Password	Password

Note: When entering the passcode, you can input any number before or after the 6-digit passcode to open the door.

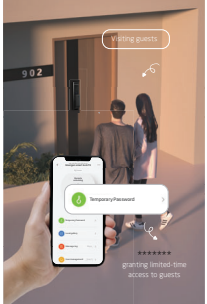

### APP Remote Unlock

Unlock your door from anywhere using our mobile app. Whether you're at work or on vacation, remote access is just a tap away.

### APP Temporary Password

Generate temporary access codes via our mobile app, perfect for granting limited-time access to guests or service providers.

### Temporary Password

### IC Card

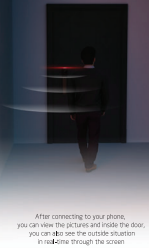

Access your home with a swipe or tap of an IC card. Say goodbye to traditional keys and enjoy hassle-free entry.

Security Features:

Visual peephole snapshot  
Real-time viewing

Morgan VEV series comes with a peephole and a visual intercom. Features such as doorbell and anti-prying alarm can wake up the peephole to take snapshots.

After connecting to your phone, you can view the pictures and inside the door, you can also see the outside situation in real-time through the screen.

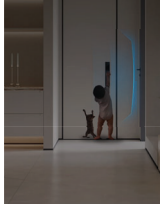

3.5-inch large HD proactive visual intercom  
with 1 megapixel HD camera

Not only visible but also clear, providing a clear view of the situation outside the door, like having a surveillance system at your doorway.

Children Lock  
Keep your little ones safe with the children lock feature, preventing accidental unlocking by small hands.

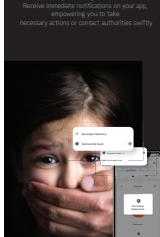

Doorbell  
Stay connected to your doorstep with integrated doorbell functionality. Welcome guests or manage deliveries remotely with ease.

Anti-prying Alarm  
Protect your home from unauthorized access attempts with our built-in anti-prying alarm system. Rest easy knowing your property is secure.

Hijacking Alarm  
Hijacking alarm, which instantly triggers an alarm in threatening situations like robbery or kidnapping situations. Receive immediate notifications on your app, empowering you to react, withdrawing you to take necessary actions or contact authorities swiftly.

Design

The symmetrical design of the front and rear panels not only enhances its aesthetic appeal but also ensures optimal functionality
