## **Datasheet**

## **Round Architectural** Flood Light, 120W

LV-EXT-RAFL120

| Category              | Exterior                      |
|-----------------------|-------------------------------|
| Туре                  | LED Fascade Flood Light       |
| Installation Method   | Surface Mount                 |
| Rated Power           | 120W                          |
| Color Temperature     | 3000k/4000k/5700k/RGBW        |
| Color Rendering Index | ≥80                           |
| Flux                  | 80-100 lm/w                   |
| LED Type              | SMD                           |
| LED Chip              | Bridglelux/Cree/Citizen/OSRAM |
| LED Driver            | High efficiency LED Driver    |
| Beam Angle            | 15°/30°/45°/60°               |
| Control Mode          | On-off/DMX512                 |
| Lifespan              | 50,000 Hours                  |
| Type of protection    | IP66                          |

The technical data represent rated values for an ambient temperature of 25°C. The data values for the luminous flux are initially subject to a tolerance of +/- 10% those for the electrical connected load are initially subject to a tolerance of +/- 10%, and those for the colour temperature are initially subject to a tolerance of +/- 150 K. No liability is assumed for typographical or printing errors. The general terms and conditions of LVX apply.
