

LED Circle Light

LV-INT-LCL112

|                       |                                        |
|-----------------------|----------------------------------------|
| Category              | Interior                               |
| Type                  | Downlight                              |
| Installation Method   | Pendant/Surface Mount                  |
| Rated Power           | 112W                                   |
| Color Temperature     | 3000k/4000k/5000k/2700k-6500k          |
| Color Rendering Index | ≥90                                    |
| Flux                  | 80-120lm/w                             |
| LED Type              | SMD                                    |
| LED Chip              | Bridgelux/Cree/Citizen/OSRAM           |
| LED Driver            | High efficiency LED Driver             |
| Beam Angle            | 24°/45°/120°                           |
| Control Mode          | On-Off/0-10V/DALI/DALI-2 Tunable White |
| Lifespan              | 50,000 Hours                           |
| Type of protection    | IP20                                   |
| Diameter              | 1800mm                                 |

The technical data represent rated values for an ambient temperature of 25°C. The data values for the luminous flux are initially subject to a tolerance of +/- 10% those for the electrical connected load are initially subject to a tolerance of +/- 10%, and those for the colour temperature are initially subject to a tolerance of +/- 150 K. No liability is assumed for typographical or printing errors. The general terms and conditions of LVX apply.
