Unlock by App

Unlock your door from anywhere
using our mobile app
Whether you're at work or on vacation,
remote access is just a tap away

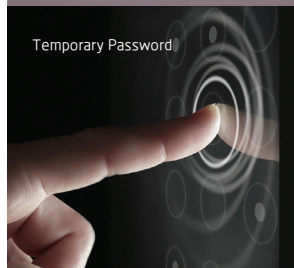

APP Temporary Password

Generate temporary
access codes via our mobile app,
perfect for granting limited-time access to
guests or service providers

Temporary Password

IC Card & NFC

Unlock your door effortlessly with
IC Card & NFC technology—
just a simple touch of the card or your phone

Security Features

Visual Intercom

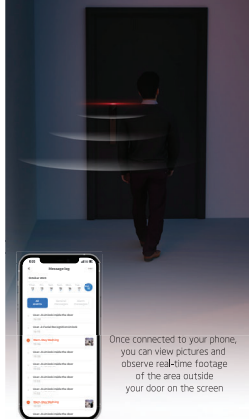

4-inch Large Proactive Visual Intercom with
1.1 Megapixel HD Camera
With its crystal-clear resolution, our Intercom
provides a detailed view outside your door,
like having a doorstep surveillance system

4-inch large HD proactive visual intercom

Snapshot Visual Peephole: Real-Time Viewing

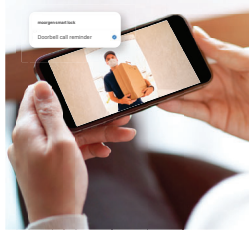

Moorgen T3+ series includes a peephole with
a built-in visual screen. It features a doorbell
and an anti-prying alarm that activates the
peephole to capture snapshots.

Once connected to your phone,
you can view pictures and
observe real-time footage
of the area outside
your door on the screen

Doorbell

Stay connected to your doorstep
with integrated doorbell functionality.
Welcome guests or
manage deliveries remotely with ease

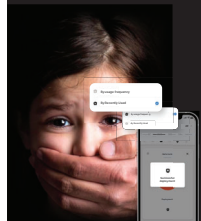

Anti-prying Alarm

Protect your home from unauthorized access attempts with our built-in anti-prying alarm system. Rest easy knowing your property is secure.

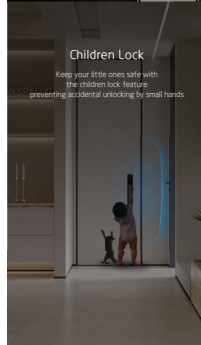

Hijacking Alarm

Hijacking alarm, which instantly triggers an alarm in threatening situations like robbery or hostage scenarios. Receive immediate notifications on your app, empowering you to take necessary actions or contact authorities swiftly.

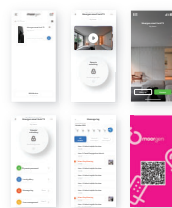

Children Lock

Keep your little ones safe with the children lock feature preventing accidental unlocking by small hands.

Self-developed App

Global Compatibility With the door lock as the focal point, it provides real-time monitoring both indoors and outdoors, allowing you to stay informed about the activities at your door anytime, anywhere.

Design Features:

Design

The symmetrical design of the front and rear panels not only enhances its aesthetic appeal but also ensures optimal functionality.
